VOLUME CONTENTS

CONTENTS VOL. 78 NO. 1 1997

M. J. Faucheux. Sensory organs on the antennae of *Micropterix calthella* L. (Lepidoptera, Micropterigidae) 1

L. M. Gustavsson and C. Erséus. Morphogenesis of the genital ducts and spermathecae in *Clitellio arenarius, Heterochaeta costata, Tubificoides benedii* (Tubificidae) and *Stylaria lacustris* (Naididae) (Annelida, Oligochaeta) 9

R. Dallai, P. Lupetti, F. Frati, B. M. Mamaev and B. A. Afzelius. Characteristics of spermatozoa from five gall-midge species (Diptera, Cecidomyiidae) 33

R. Muñoz-Chápuli, D. Macías, C. Ramos, B. Fernández and V. Sans-Coma. Development of the epicardium in the dogfish (*Scyliorhinus canicula*) 39

M. Ndiaye, X. Mattei and O. T. Thiaw. Ultrastructural diversity of the manchette in spermatids of mosquitoes (Diptera: Culicidae) 47

G. Lambert and C. C. Lambert. Extracellular formation of body and tunic spicules in the New Zealand solitary ascidian *Pyura pachydermatina* (Urochordata, Ascidiacea) 51

U. Ehlers. Ultrastructure of the statocysts in the apodous sea cucumber *Leptosynapta inhaerens* (Holothuroidea, Echinodermata) 61

A. Huysseune and J.-Y. Sire. Structure and development of teeth in three armoured catfish, *Corydoras aeneus, C. arcuatus* and *Hoplosternum littorale* (Siluriformes, Callichthyidae) 69

CONTENTS VOL. 78 NO. 2 1997

A. C. Cohen and J. G. Morin. External anatomy of the female genital (eighth) limbs and the setose openings in myodocopid ostracodes (Cypridinidae) 85

I. C. Potter and U. Welsch. The structure of the gular pouch of mature males of the lamprey *Geotria australis* 97

M. J. Weedon and P. D. Taylor. Skeletal ultrastructure in some tubuliporine cyclostome bryozoans 107

G. Purschke. Ultrastructure of nuchal organs in polychaetes (Annelida) — new results and review 123

T. Grande and B. Young. Morphological development of the opercular apparatus in *Kneria wittei* (Ostariophysi: Gonorynchiformes) with comments on its possible function 145

S. N. Bào, E. W. Kitajima, G. Callaini, P. Lupetti and R. Dallai. Spermiogenesis in three species of whitefly (Homoptera, Aleyrodidae) 163

S. Stoitsova and L. Gorchilova. Ultrastructure of the tegumental basement membrane of *Fasciola hepatica* (Trematoda) 171

CONTENTS VOL. 78 NO. 3 1997

M. N. Vorontsova, L. P. Nezlin and I. A. Meinertzhagen. Nervous system of the larva of the ascidian *Molgula citrina* (Alder and Hancock, 1848) 177

S. R. Stoitsova, B. B. Georgiev, R. B. Dacheva and M. I. Vinarova. Scolex glands associated with the rostella in three species of the Dilepididae (Cestoda: Cyclophyllidea) 187

S. Dunel-Erb, C. Barradas and J. Lignon. Morphological evidence for the existence of two distinct types of mitochondria rich cells in the gill of the crayfish *Astacus leptodactylus* Eschscholtz 195

CONTENTS VOL. 78 NO. 3 1997 (Continued)

B. Neuhaus, J. Bresciani and W. Peters. Ultrastructure of the pharyngeal cuticle and lectin labelling with wheat germ agglutinin–gold conjugate indicating chitin in the pharyngeal cuticle of *Oesophagostomum dentatum* (Strongylida, Nematoda) **205**

B. Neuhaus, R. M. Kristensen and W. Peters. Ultrastructure of the cuticle of Loricifera and demonstration of chitin using gold-labelled wheat germ agglutinin **215**

L. R. Page. Ontogenetic torsion and protoconch form in the archaeogastropod *Haliotis kamtschatkana*: evolutionary implications **227**

C. B. Braun and R. G. Northcutt. The lateral line system of hagfishes (Craniata: Myxinoidea) **247**

CONTENTS VOL. 78 NO. 4 1997

S. K. Robson, G. W. Rouse and J. D. Pettigrew. Sperm ultrastructure of *Tarsius bancanus* (Tarsiidae, Primates): implications for primate phylogeny and the use of sperm in systematics **269**

J. Mallatt. Shark pharyngeal muscles and early vertebrate evolution **279**

O. İ. Raikova, A. Falleni and J.-L. Justine. Spermiogenesis in *Paratomella rubra* (Platyhelminthes, Acoela): ultrastructural, immunocytochemical, cytochemical studies and phylogenetic implications **295**

P. Bartsch, S. Gemballa and T. Piotrowski. The embryonic and larval development of *Polypterus senegalus* Cuvier, 1829: its staging with reference to external and skeletal features, behaviour and locomotory habits **309**

J. Eibye-Jacobsen. Development, ultrastructure and function of the pharynx of *Halobiotus crispae* Kristensen, 1982 (Eutardigrada) **329**
